

Are you making the most of

Online Access?

Online access allows you to manage your medication and appointments online as well as being able to keep your details up to date. There are many websites and smartphone apps out there for you to choose from, some of the most popular being:

- myGP
- Patient Access
- The NHS app

You can register online or on the app for limited access or bring 2 forms of identification (one must be photo ID) to the reception desk and our receptionist can give you full access details to create your account.
